

WANT TO BE FEATURED?

Social Media

To be featured in our social networks, you have to use our mockups in your project and submit it.

There are several ways to submit your work: it will always be better if you send the images in good quality via email and attach an explanation of the project.

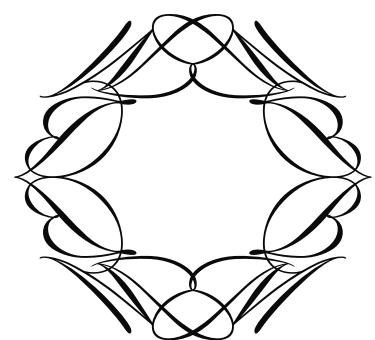

email: info@benditomockup.com

Otherwise you can:

- Tag us **@bendito.mockup** on your IG post or story.
- Add **#benditomockup** hashtag on your IG post.

Website

We are planning to include a Showcase page on our website. If you want to be featured, you can send us the images of the project along with a brief explanation of it. Thank you very much.
